# Data Collection and Use for Coordination

---

Session 3: Data Dashboards

November 17, 2021

---

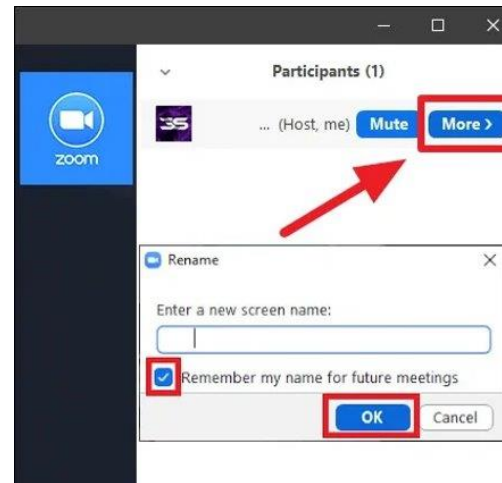

# Welcome!

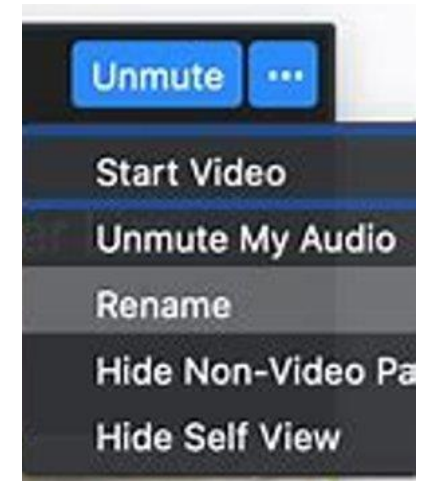

# Introductions

If available, please  
use video.

OR

Please add county to your Zoom participant info.  
Example: Leah, Del Norte

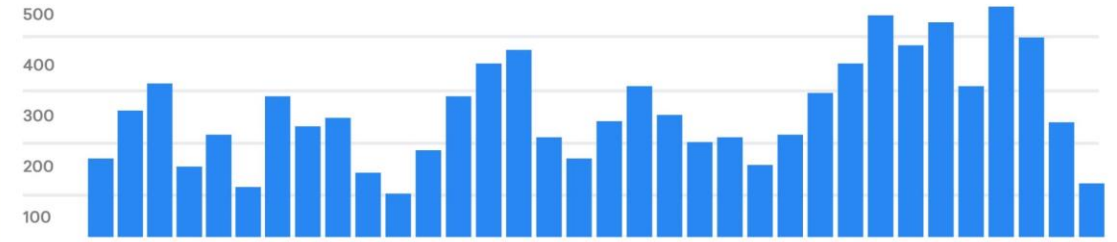

# Today's Session

- Data dashboards:
  - Purpose
  - Samples
  - Development
  - Resources

# Poll

What's your level of familiarity with data dashboards?

- I'm not entirely sure what a data dashboard is!
- I know what a data dashboard is but **haven't used one.**
- I have used a data dashboard but **haven't created one.**
- I have created a data dashboard.

---

# Why Use a Data Dashboard?

Monitor performance  
and track indicators  
**over time**

---

# Key Components

- Carefully selected indicators
- Figures that tell a story
- Highly curated text and figure headings
- Data source citation
- Any additional information necessary for audience comprehension

---

# Discussion

How can a data dashboard support home visiting coordination?

---

# Sample Data Dashboard 1

[Illinois Early Childhood Dashboard | IECAM](#)

---

# Sample Data Dashboard 2

Child Adversity and Well-Being Dashboards: California Counties |  
California PACEs Action (CA) | PACEsConnection

---

# Key Considerations for Developing a Data Dashboard

- Why are you creating this dashboard?
- Which indicators should be included?
- Who will be using the dashboard?
- How will the dashboard be used?
- Where will the data come from?
- How often do the data need to be updated?

# Group Discussion

- What questions do you have about data dashboards?
- Do you think you will develop a data dashboard to support HVC efforts?

---
